

## MASTERPIECE

The pump-marker with the record-breaking, extra-broad 60 mm high-flow tip. The patented Flowmaster™ valve with 8 color-channels guarantees a constant ink-flow for quick application on larger areas.

21 months development-time, exchangeable 60 mm high-flow tip, 8 ink-channels, 1 „masterpiece“. Our biggest pumpmarker is absolutely record-breaking, not only judging by its numbers. Equipped with CoversAll™ Cocktail ink it can't be beaten

Comes either as a 760PI CoversAll - 767PI Speedflow - 711EM Empty Marker

### Speedflow & CoversAll Cocktails

The fuel for our Masterpiece™-markers

## MOLOTOW ONE4ALL

The ONE4ALL™ high solid paint marker series is as unique as versatile. It consists of technologically sophisticated markers in six sizes (1mm - 15mm) and a unique acrylic-based hybrid-paint that works on almost every surface. All markers are refillable with ONE4ALL™ refills and the tips can be exchanged easily. The paint itself can be used with every application tool imaginable. Due to its versatility ONE4ALL™ opens up endless creative possibilities for artists, writers and street artists. This marker and paint system is the missing link between spray can, airbrush, marker and paint brush. A highly pigmented multi-talent "Made in Germany" that convinces with an unprecedented color brilliance and opacity – a paint that's capable of everything and covers everything.

### 127HS/227HS Metallic

The latest extension of the ONE4ALL™ color range is six extraordinary metallic colours for even more artistic effects. Now the ONE4ALL™ color range counts 40 colours – the biggest color range of pump-markers worldwide.

## MOLOTOW BURNER MARKER

The Molotow Burner Markers feature the infamous Burner Paint. This is same paint you find in the Molotow Burner cans. The Burner paint means these markers flow smoothly are highly permanent and cover well on most surfaces. These markers feature a 20mm (almost 1 inch) T-nib which are replaceable. It also features a pump-action valve to help you easily regulate the flow of ink. REFILLABLE.

## MOLOTOW ONE4ALL REFILL

ONE4ALL™ is the most universal paint on the market. Whether its marker, brush, stamp or airbrush – this paint works with every application tool and on almost every surface (e.g. wood, metal, leather, plastics, toys, mobiles, skateboards, canvas, wall and many more).

### Not just ink – real thick paint

ONE4ALL™ is a highly pigmented, ready to use acrylic-based hybrid-paint, completely solvent-free, dilute able with water (for translucent effects) or acetone (for permanence on fatty surfaces), high-covering, quick-drying and silk matt. It is 100% UV- and weather-resistant and therefore suitable for indoor and outdoor applications. All colours are intermixable. When mixed with other products it is advisable to test the mixture on a suitable spot.

Meanwhile there are 34 brilliant colours as 30ml and 180ml refill-bottle available.

### 180ml-Refill

The 180ml refill-bottle is perfect for those who work large areas and need a lot of paint. The handy dispenser an exact and clean dosing of the paint. This refill not only is perfect for refilling ONE4ALL™ markers, meanwhile it is also very popular amongst airbrush artists.

### 30 ml-Refills

The new 30ml refill is a true all-rounder!

Extremely handy and also equipped with a fine dispenser, the “little one” not only is a comfortable marker refill-station, but also cuts a fine figure as colourful miniature

## MOLOTOW TRANSFORMER MARKER SYSTEM

It's a dream come true. One marker with endless transformation options - thanks to its standardized screw thread and wide range of exchange parts for every need and requirement. Never before there has been an easier and more flexible way to customize a pump-marker! Just screw it on and get started! We also have alcohol-based refill-ink for our TRANSFORMER™-markers

## MOLOTOW DRIPSTICK

The MOLOTOW™ DRIPSTICK™ sets standards! Not only the unique Eazy-Refill system with tank cap for clean and quick refilling is convincing, but also its super-soft Eazy-Squeeze body and the ultra-tight fitting tips in four qualities (long Mohair, short Mohair, soft and high flow - new-) are the answer to many writer's prayers.

## MOLOTOW TIPS

From 1mm to 60mm we have the biggest range of exchangeable tips matching our marker program. MOLOTOW™ tips are known for hard wearing quality and were designed for best color flow. Today these tips are available:
